Extracts from the Note-Book of a Naturalist in Guam

THIS is the title of a series of entertaining and beautifully illustrated series that has been commenced in *The Plant World* and will continue into the new volume. It is written by William E. Safford, who was Lieutenant-Governor of Guam, directly after the Spanish war, and contains a mass of interesting information about this island possession of Uncle Sam.

The Plant World is a bright, readable journal dealing with plant-life and is widely recognized as the only journal of its class in America. Subscription price, \$1.00 a year. We are always glad to furnish a sample copy on receipt of a stamp.

The Plant World is the official organ of the Wild Flower Preservative Society of America, to which every lover of wild flowers should belong. Address
